

Position Announcement: Senior Project Manager

Location: Ocean Twp., NJ

Date Available: ASAP

Organizational Overview: Renova Environmental Company, an employee-owned small business established in 2006, has core competencies providing environmental remediation, restoration, and heavy civil construction services to federal and private clients. Renova's in-house team consists of project managers, field engineers, administrative professionals, heavy equipment operators, and skilled laborers.

Position Overview: The Senior Project Manager position offers a qualified candidate the opportunity to lead and grow Renova's federal and commercial environmental construction projects.

Key Responsibilities:

- Cradle-to-grave project management of federal and commercial projects: manage clients, subcontractors, and other project contacts; develop proposals and work scopes; track budgets; and coordinate project logistics and deliverables.
- Manage support staff within Renova
- Support Renova's overall business operations

Qualifications:

- 5+ years of experience managing heavy civil construction and/or environmental construction projects
- Estimating skills a plus
- BS or MA within a related field a plus
- PE, PG, or similar background a plus
- Knowledge of state and federal environmental regulations
- Excellent verbal, written, communication, and computer skills

Compensation: \$100 to 150k+; commensurate with experience; unmatched benefits and automatic enrollment in employee-ownership program.

To Apply: Qualified candidates should email a résumé and cover letter to careers@renovaenviro.com. More information about Renova is available at www.renovaenviro.com.
